

JAMIE NOREEN FERRER

PRODUCT DESIGNER • HACKATHON CHAMPION

+63 993 949 0699 | ferrerjamienoreen@gmail.com | linkedin.com/in/jamienoreenferrer | jamienoreenferrer.com

Award-winning Product Designer and Computer Science graduate with **12+ recognitions across national and international innovation competitions**. Skilled in UI/UX design, user research, product strategy, branding, and pitching, I lead **multidisciplinary teams of designers, developers, and researchers** — taking products from idea conception through implementation and competition.

FEATURED PROJECTS

Plantego — Team Leader · Product Designer · Research Lead

2nd Runner-Up — ASEAN Data Science Explorers

- AI-powered agricultural platform helping farmers detect crop diseases and access farming resources. **My original concept** — led it from idea to international competition, owning product strategy, research, UI/UX, and branding. *Figma · Illustrator · Canva*

LakadPH — Team Leader · Product & UI/UX Designer

Champion — Bluhacks Hackathon

- Pedestrian-first navigation platform improving walkability, safety, and accessibility through route guidance, hazard reporting, and community insights; led design, research, and the winning pitch. *Figma · Canva*

Scaffl.ed — Product & UI/UX Designer · Front-End Developer

Best Thesis

- Educational platform delivering scaffolding feedback during debugging via eye-tracking and behavioral analysis; led product design, branding, a rigged 3D mascot, and front-end build.

Recognition: Top 80 Finalist, AppCon 2024 · 2nd Runner-Up, Philippine Startup Challenge 10. *Figma · Blender · Illustrator · VS Code*

Studdy — Product & UI/UX Designer

Best Pitch & Best Logo

- Study-buddy matchmaking platform pairing students with compatible learning partners; owned product design, branding, logo, and pitch.

Recognition: 2nd Runner-Up, Philippine Startup Challenge. *Figma · Illustrator · DaVinci Resolve*

LEADERSHIP

Organizational

Vice President — JPCS · **Program Director** — Data Science Society · **Vice President** — CCSS Student Council · **Events Director** — R&D Unit (University of the East – Manila)

Competition & Project

Team Leader across award-winning competition entries — Plantego (ASEAN Data Science Explorers, 2nd Runner-Up), LakadPH (Bluhacks Champion), and Philippine Startup Challenge projects — directing multidisciplinary teams of designers, developers, researchers, and presenters through ideation, delegation, pitching, and execution.

EXPERIENCE

Database Systems Intern · Associated Labor Unions (ALU) Philippines

- Designed and built Membership and Medical database systems in Microsoft Access, digitizing manual record-management workflows after requirements gathering and analysis.
- Continued supporting database initiatives beyond the official internship period.

ADDITIONAL RECOGNITION

Champion — ASEAN Route to the Future · Champion — NEDA-HABI Public Administration Workshop · Top 22 of 112 — SAS Curiosity Cup 2025 (International) · 2nd Place — Coding Dojo Women in Tech (Cambridge UP&A) · 2nd Runner-Up — ROKtoASEAN · Top 10 — ByteForward Hackathon

EDUCATION

University of the East – Manila

2022–2026

B.S. Computer Science · **Summa Cum Laude (GWA 1.16)** · **University Scholar** · **DOST-SEI Scholar** · **Best Thesis**

SKILLS

Product & Design Product & UI/UX Design · User Research · Design Systems · Wireframing · Prototyping · Figma · Adobe Illustrator · Photoshop · Canva · Blender · DaVinci Resolve
